

***FierceBiotech* names IDEAYA Biosciences as one of its “Fierce 15” Biotech Companies of 2016**

San Francisco & San Diego, CA – September 19, 2016 – IDEAYA Biosciences, an oncology-focused biotechnology company committed to the discovery of breakthrough small molecule synthetic lethality and immune-oncology therapies, today announced that it has been named by *FierceBiotech* as one of 2016’s Fierce 15 biotechnology companies, designating it as one of the most promising private biotechnology companies in the industry.

“We are honored to be selected into the Fierce 15 class of 2016 and recognized for our work in the oncology field, particularly in the area of synthetic lethality and cancer immunotherapy,” commented Yujiro S. Hata, Chief Executive Officer of IDEAYA Biosciences. “This award reflects the quality of our scientific staff and advisors and the transformative potential of the programs we are pursuing to improve cancer care for patients.”

The Fierce 15 celebrates the spirit of being “fierce” – championing innovation and creativity, even in the face of intense competition. This is *FierceBiotech*’s fourteenth annual Fierce 15 selection.

An internationally recognized daily report reaching a network of over 300,000 biotech and pharma industry professionals, *FierceBiotech* provides subscribers with an authoritative analysis of the day’s top stories. Every year *FierceBiotech* evaluates hundreds of private companies from around the world for its annual Fierce 15 list, which is based on a variety of factors such as the strength of its technology, partnerships, venture backers and a competitive market position.

About *FierceBiotech*

FierceBiotech is the biotech industry’s daily monitor, an email newsletter and web resource providing the latest biotech news, articles, and resources related to clinical trials, drug discovery, FDA approval, FDA regulation, patent news, pharma news, biotech company news and more.
